SPECIAL TRACK SESSION:
SYSTEMS ENGINEERING IN THE AGE OF COMPLEXITY: CHALLENGES AND SOLUTIONS

22 - 24 OCTOBER 2025

GRAND BALLROOM (LEVEL 3) | ORCHARD HOTEL SINGAPORE

The Institution of Engineers, Singapore (IES) proudly presents the **World Engineers Summit (WES) 2025**, the premier global conference addressing climate change challenges through engineering innovation. Mark your calendars for this transformative event, taking place from **22 to 24 October 2025**.

Under the theme “**Shaping Tomorrow: Engineering Smart Sustainable Cities**”, the seventh biennial WES will showcase groundbreaking ideas and solutions to drive sustainable development and climate resilience.

Renowned as a catalyst for impactful knowledge exchange and collaboration, WES 2025 offers a prestigious platform for sustainability-driven organisations to stand out as **leaders in green innovation**.

Highlights of WES 2025

The summit will feature dynamic keynote sessions, interactive panel discussions, and engaging presentations across five carefully curated tracks:

- **Technological Solutions for a Climate-Resilient and Greener Future**
- **Urban Mobility Innovations for Sustainable Cities**
- **Designing for Sustainability in Green Building Practices**
- **Future-Proofing Engineers Through Educational Technology and Skill Development**
- **East Asia Engineers Forum**

Special Track Session: *Systems Engineering in the Age of Complexity: Challenges and Solutions*

Why Attend?

As nations work toward achieving net-zero goals, WES 2025 serves as a timely and crucial platform to unite **engineers, scientists, urban planners, policymakers, academics, business leaders, and investors** from diverse industries. Together, we will forge pathways to build a resilient and sustainable future.

The summit is expected to draw **over 700 professionals** from around the globe, offering unparalleled opportunities to network, collaborate, and showcase your commitment to sustainability.

Sponsorship Opportunities

Take advantage of our sponsorship options to elevate your brand and position your organisation as a key player in sustainable development. By partnering with WES 2025, you'll engage with a multidisciplinary audience at the forefront of sustainable innovation.

For more information or to explore sponsorship opportunities, please contact the WES Secretariat at wes@iesnet.org.sg.

Join us at WES 2025 to shape the future of engineering and sustainability!

WES 2025 AT A GLANCE

GOH, Mr Teo Chee Hean addressing delegates at the WES 2023 Opening Ceremony on 8 November

The inaugural China Engineers Forum at WES 2023 on 9 November

Delegates networking at the exhibition during the lunch break

Delegates had the opportunity to hear from industry leaders such as LTA's Mr Lam Wee Shann

Enthusiastic participants engaged in the track room

Both local and overseas delegates learned more about Danfoss Integrated Technology at their Sustainability Technology Center

TOP 8 PARTICIPATING COUNTRIES (OUTSIDE OF SINGAPORE)

1. CHINA & HONG KONG
2. VIETNAM
3. UGANDA
4. MALAYSIA
5. UNITED STATES
6. FRANCE
7. INDIA
8. UNITED KINGDOM

TOP 5 PARTICIPATING INDUSTRIES

1. GOVERNMENT
2. EDUCATION
3. CONSULTANTS
4. SERVICE PROVIDERS
5. NON-PROFIT
